Our Difference

The BELLA+CANVAS standard of quality is built upon a foundation of respect for both people and planet. This starts with a supply chain we can trust.

From sourcing through finishing and distribution, each partner in our production—owned and contracted—upholds the standards of the Worldwide Responsible Accredited Production (W.R.A.P.) program.

In addition, each manufacturing partner has signed our very own BELLA+CANVAS Workplace Code of Conduct which upholds (and exceeds) all standards set forth by the Fair Labor Association (F.L.A.). Together, these measures ensure ethical conditions throughout our supply chain.

We know that the fashion industry is amongst the largest polluters in the world, so we extend this very same ethical standard from people to planet in our commitment to a more sustainable approach. That's why we choose to design, dye, and cut our garments in Los Angeles where we are held to the strictest EPA regulations.

To us, feeling great in our canvas is much more than experiencing our incredibly soft cotton on your skin. It means feeling great about where that cotton came from in the first place, and how it was crafted into the very garment you wear.

We do things differently so you can choose a better blank canvas.

Introducing the 100% recycled EcoMax Tee.

A recycled canvas for your fresh expressions.

FILL IN YOUR BLANK

Whether you're a tattoo artist, screen printer, musician, barista, content creator, or something altogether unique, you know one crucial truth...

To express yourself is to share your passions with the world. This will look different for everyone—printer or distributor. So, turn to suppliers that celebrate your difference, that share your values, and offer the widest array of colors and silhouettes to support your creativity, no matter the type.

Check out how these young creatives and entrepreneurs fill in their blank canvases, and show us how you fill in yours.

**HEAVY WATER
COFFEE ROASTERS**

“I think merch is super meaningful to the company, because it allows people to identify with us, and represent the coffee shop outside of the neighborhood, outside of the cafe parameters. For them to buy a shirt or a hat, or even buy beans and take them home, they align with the ethos of the brand, and then rep that somewhere else.”

THE PARANOYDS

“(Merch is) a beautiful thing. Not only are you getting to share your artwork and your name and people can rep it, but it’s also one of the best ways for us to make money on the road.”

UNFINISHED LEGACY

“If you have an idea just pursue it and don’t wait. I chose butterflies because they mean transformation and transforming into all different stages.”

Color Story

At BELLA+CANVAS, we don't take color lightly. With over 300 shades to choose from amongst our current range of silhouettes, color is of paramount importance to everything we do. But we didn't get here by accident, spinning the color wheel and blindly pointing to 300 shades, crossing our fingers for a win. Each and every color is, in fact, a careful concoction—a perfect mixture of both creative intuition and curious observation.
